

**Patient Name: GHOSH KUSUMIKA
ABHISHEK**

Patient Age: 27 Y / F

Date of examination: September 11, 2018

Patient ID: 76/02/2017

Referring doctor: DR. C. B. KOPPIKER

Examination: Ultrasound

Left Breast Ultrasound Report

Indication:

- A/C/O fibroadenoma of the left breast for follow up.
- Compared with previous ultrasound dated January 30, 2017.

An oval solid hypo echoic circumscribed lesion with parallel orientation is seen in the 6 'o' clock 1B position of left breast measuring 34.2 x 24.4 mm. (vs. 25.5 x 20.4 mm on last ultrasound). Internal vascularity noted. The lesion shows, more than 20% increased in size.

Dr. Beenu Varghese.
